

INSTAFLOW

InstaFlow is a controller that is connected directly to the irrigation shed in order to track, program and control water flows easily and remotely.

Through this service you will be able to take full control of what happens with your irrigation system.

WHAT DOES IT MEASURE?

Matrix flow by sector

Fertigation flow by sector

BENEFITS

- Remote irrigation programming.
- Delivery of irrigation reports periodically.
- Control and monitoring for up to 14 irrigation sectors.
